

- 19" Rack-mount/Tabletop Design
- 96 kHz/24-bit Digital Sampling
- New Sound, Visual & EFX Link For Future Products
- R-Core Power Transformer
- Rigid Anti-Vibration Chassis
- Cross & Line Fader Curve Adjustment
- 60mm Custom Alps Line Faders
- 2-Send/Return Channels With Pre, Post & Aux
- 3-Band Master Isolator (-∞ to +6 dB)
- 2-Band Booth EQ (hi & low)
- Master Output Attenuator
- MIDI Out/MIDI Cross Fader
- Rotary Kit (optional)

DJM-1000

6-Channel Professional Series Digital Mixer

DJM-1000

6-Channel Professional Series Digital Mixer

The DJM-1000 is a robust 19" professional installation-grade mixer that breaks exhilarating new ground in digital audio.

Delivering supreme levels of digital sound with a 96 kHz/24-bit sampling rate and 96 kHz/32-bit processing, the DJM-1000's input-output path allows for transparent signal processing when combined with Pioneer's CDJ and DJV decks. Other indications of this mixer's huge potential include a capacity to digitise analogue input and the provision of an innovative means to introduce two EFX-1000s into the mix by the EFX Link or Send/Return Channels.

A true titan among mixers, its fusion of first-class digital audio and vast connectivity options makes the DJM-1000 a must-have for all professionals demanding uncompromised performance and flexibility.

Specifications

Weight:	3.9 Kg
Dimensions (W x D x H)	305 x 331 x 109 mm
Power Consumption:	21 W
Sampling Rate:	96 kHz / 24 bit
Distortion Rate:	0.006% (JEITA)
Signal to Noise Ratio:	Line: 104dB Db Phono: 88dB Mic: 84dB
